"THE BUSY CORNER"

**S. Kann Sons & Co.**

378 ST. AND PIERRE AVE.

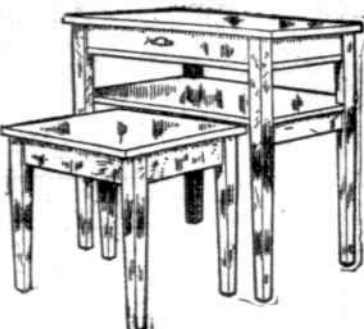

"I know I could make it myself  
if I could get the right lumber"

Boy, with the ambitions of a man; Man, with the heart of a boy, you  
have said the same yourselves time after time.

**Ready-to-Make  
Lumber**

**Solves Your Problem**

When schools started manual training, and when magazines featured articles telling of the possibilities of home craft in the way of packing-box furniture, there arose a demand for lumber-get-at-able, usable lumber, lumber that it was a pleasure to work with.

**This Is the Answer to That Demand—**

Lumber that comes in different size, and shaped strips, all sized and finished. Working drawings are furnished free with the lumber. Surely there was never devised a more practical, profitable kind of home entertainment and instructive amusement than this. It is a pastime that father, mother and, perhaps, big and little sister will want to share in, as well as for the boy of the family.

**Opening Demonstration Today**

Come to the Fourth Floor and learn how many useful articles you can construct from this Ready-to-Make Lumber—from a birdhouse to a buffet. Sold exclusively by us.

## MEDICAL INSPECTOR SOUGHT FOR SCHOOLS

\$2,500 Job Awaits Right Physician.  
Women Applicants Not Barred.

There is a \$2,500 job waiting at the District Building for some physician. Dr. W. C. Woodward, chief health officer of the District, announced last night that he would like to hear from applicants.

Under the 1916 District appropriation bill, jurisdiction over medical inspection of the schools is transferred from the Board of Education to the Health Department, and a chief medical inspector to supervise the work is authorized.

Dr. Woodward declares his intention of getting the best possible official for this important post. Women are not barred from consideration, provided they carry the title of M. D.

The change in administration will not involve any change in the personnel of the medical inspection force. There are now eleven doctors, two dentists and five nurses engaged in this work, and Dr. Woodward states that he contemplates no changes.

Some changes in the method of doing the work may be made, but this will not be determined until a thorough examination of the present system has been made.

## 8,000 FROM WASHINGTON TO MARCH IN PARADE

Every Catholic parish in Washington will be represented in the annual parade of the Holy Name society of the diocese of Maryland and the District, to be held in Baltimore on October 15, according to plans completed at a meeting held in Immaculate Conception Hall, at Eighth and N streets northwest, last night.

The parade, which is an annual event, either in Washington or Baltimore, is designed as a protest against profanity. Eight thousand men from Washington will go to Baltimore for the parade, in which 25,000 men are expected to march. The Washington parishes expect to have the largest delegation in line. Twelve thousand Washingtonians marched in the parade here last October and Baltimore sent 4,000.

Of the thirty-three parishes in the city, twenty-nine were represented at the meeting last night. John Hadley Doyle presided.

## ASK PEACE CONFERENCE IN TRANSFER WARFARE

Commuters Plan to Get Opposing Testimony Into Accord.

Efforts will be made by commuters who are patrons of the Washington and Old Dominion Railway Company to have the company officials brought into conference with those of the Capital Traction Company, to the end that an agreement may be reached for the restoration of transfer privileges at Thirtieth and M streets northwest, according to an announcement last night.

Letters filed with the Interstate Commerce Commission disclose that the differences between the two companies which caused a revocation of transfers involving the question of an equitable distribution of the proceeds from fares. The Public Utilities Commission will be urged to bring the traction magnates together for an amicable adjustment.

The commission now has under consideration a petition seeking the restoration of the service, but the Washington and Old Dominion attorneys question the jurisdiction of the commission, setting forth it is an interstate carrier. An agreement between the two companies would make any action on the matter unnecessary.

## NEW YORK HOTEL ARRIVALS.

Special to The Washington Herald.

New York, Sept. 15.—The following Washingtonians have registered at New York hotels:

Webster—J. Berberich, C. Rupert, Laurenton—L. R. Davis.

Lanaburg & Bro.: dry goods, etc., Miss A. Quigley, knit underwear, Hotel Flanck.

## REPUBLICANS SELECT WOMEN CAMPAIGNERS

Auxiliary Committee Announced by Chairman Wilcox.

(By the International News Service.) New York, Sept. 15.—The National Woman's Campaign Committee was appointed by Chairman Wilcox, of the Republican National Committee today.

The committee is to work for Hughes in non-suffrage as well as in suffrage States. Headquarters will be established at Chicago and New York. Chairman Wilcox is to confer with the Western members at Chicago Monday next.

In announcing this innovation, Chairman Wilcox said:

"The committee will work in conjunction with State committees and the women's committee of the Hughes alliance."

The committee follows: Mrs. Joseph T. Bowen, Mrs. Laura B. Evans, and Mrs. William Severin, Illinois; Mrs. J. D. Whitmore, Colorado; Mrs. Abbie E. Krebs and Mrs. Mary E. Gibson, California; Mrs. John Hays Hammond, Mrs. Lutz Anderson, and Mrs. Charles Sumner Bird, Massachusetts; Mrs. William Einstein, Mrs. Nicholas Murray Butler, Mrs. Oscar S. Straus, Mrs. Nelson H. Henry, Mrs. Francis J. Keller, Mrs. Henry G. Danforth, and Mrs. Cabot Ward, New York; Mrs. Solomon Hirsch, Oregon; Mrs. Maud Wetmore, Rhode Island; Mrs. George W. Alken, Washington; Mrs. Frank Mebane, North Carolina; Mrs. Belle Flegman, Montana; Mrs. Edna C. Baker, Nevada; Mrs. L. C. Harmsberger, Wyoming; Mrs. Margaret Hill McCarter, Kansas; Mrs. Henry Morgan, Arizona, and Mrs. Margaret Zan Zarch-dron, Utah.

## NEW CURB ON TRADE —IMPOSED BY ALLIES

Embargoes Placed on Shipments to Northern Europe.

Further restrictions on trade with northern European countries have been imposed by the British War Trade Department, according to a cable from Consul General Skinner at London, yesterday, by the department of Commerce. The new regulations prohibit the shipment of various specified products to Denmark, Norway, Sweden and the Netherlands.

Consul General Skinner reports that no further licenses for trade in the goods mentioned will be issued until stocks of those goods in the countries affected have been materially reduced.

"The restrictions," he said, "have been agreed to by the allies and apply to shipments from the United States. The articles mentioned are those which have been supplied to the countries concerned in quantities alleged to exceed the normal requirements of such countries. As stocks decline, articles will be removed from the list of prohibitions. The Netherlands Overseas Trust has been advised to issue no further permits for goods covered by this notice. It is presumed that American goods already covered by letters of assurance will not be stopped."

Among the products embargoed are metals, foodstuffs and oils.

## Political Notes

New York, Sept. 15.—Two ex-presidents and a Presidential possibility—Col. Theodore Roosevelt, William H. Taft and Charles E. Hughes, who are simultaneously for Charles E. Hughes, was a combination that today had O. K. Davis, chairman of the Republican national committee speakers' bureau, almost decided.

Col. Roosevelt, abandoning his decision of yesterday, has consented to make speeches both in California and Washington, in behalf of Hughes and Hiram Johnson in the former, and Hughes and United States Senator Miles Poindexter in the latter. At first the Colonel said he would work in either one of the States but not in both.

The speakers' bureau today was busy with the itinerary of Roosevelt, Taft and Root.

New York, Sept. 15.—Developments today were almost at a standstill at Democratic national headquarters here, awaiting the return from the West of Chairman Vance C. McCormick and other campaign officials and the decision whether President Wilson is to take the stump.

Most of the officials who went to Indianapolis to attend the formal session of Vice President Marshall will visit Chicago before returning to New York at the end of the week.

New York, Sept. 15.—William G. McAdoo, Secretary of the Treasury, had been in town but a few hours today when emphatic denial was issued from Thomas F. Conway's headquarters that President Wilson desires William F. McCombs named for the United States Senate.

It was asserted that every Wilson officeholder up-State has taken off his coat for Conway and that McAdoo is secretly laboring to defeat McCombs for Senator O'Gorman's post as ardently as he did to oust McCombs from the national committee chairmanship.

New York, Sept. 15.—Charles E. Hughes is to deliver his final campaign speech at Madison Square Garden on the night of November 4. National Chairman Wilcox made this announcement today.

The meeting will be held under auspices of the New York Republican county committee. It will follow the Wilson meeting arranged for the previous evening.

Indianapolis, Ind., Sept. 15.—Vice President Thomas R. Marshall lost no time today in getting into the campaign warfare in Indiana. His notification ceremonies completed, the Vice President held numerous conferences with State leaders during the day and today he will formally open his campaign with a speech at Terre Haute. Every district in the State will be visited before he leaves on an extended tour of the West.

The Democratic rally that attended the notification ceremonies last night was the largest ever held in the State. Thousands of Democrats heard Mr. Glyn's speech scoring Hughes for his attempts to discredit the administration.

## FORECASTS APPLE CROP OF 67,679,000 BARRELS

The forecast of total apple production this year, as reported September 1, by the Bureau of Crop Estimates, Department of Agriculture, is 67,679,000 barrels of three bushels each (agricultural, not commercial, basis), as compared with 76,670,000 estimated produced last year, of which not quite 65 per cent was sold. In the last ten years estimated production has exceeded the present forecast five times.

In the country as a whole the apple crop will be nearly an average, but 12 per cent smaller than last year's large crop. The crop is larger than last year in the Atlantic coast States, including New York and Pennsylvania.

## CARRANZA ORDER PAVES WAY FOR STABLE RULE

Decree Provides Machinery for Solid Constitutional Government.

(By the International News Service.) Mexico City, Mexico, Sept. 15.—Gen. Carranza today issued a decree which paves the way for replacing the present de facto government with a solid constitutional government.

A revision of several of the most important articles of the plan of Guadalupe, drawn on December 12, 1914, is one of the plans outlined by Carranza. The decree also provides that each State and territory shall elect a deputy to Congress and allows a sub-deputy for every 70,000 inhabitants. States having populations beyond 70,000 will be allowed an extra deputy for every additional 20,000.

Carranza tomorrow will issue another document which will call for the election of members for a national congress. The election will take place on October 15, and the first session of Congress will be on November 20, probably in Coahuila, a Mexico City suburb.

The decrees will make it positive that those who opposed the constitutional government with arms cannot hold office. The returned constitution will be turned over to Congress by Carranza with instructions to make it conform with the plans of the constitutional party. After the constitution has been adopted, Carranza will call for the election of a president.

Mexico tomorrow will celebrate the anniversary of its independence.

## INLAND WATERWAYS FOR SUBMARINES PROPOSED

Secretary Daniels Urges System of Canals Along Coast.

(By the International News Service.) Philadelphia, Sept. 15.—A series of inland waterways, by which submarines might travel from Boston to Key West without entering the Atlantic ocean, is necessary to national defense, Secretary of the Navy Daniels told the Atlantic Seaside Waterways Convention here this afternoon. The convention is working for establishment of 131 miles of canals to link 1,800 waterways from Maine to Florida.

In an address at the Philadelphia Navy Yard, Secretary Daniels said in part:

"The importance of sheltered water paths up and down our Atlantic coast, through which small boats may proceed from point to point, has been enormously increased by the conditions of modern warfare."

"Every inland channel adds that much more to the protection of our coast, to the safety of our ports, and it is not too much to say, to the safety of our entire country from invasion."

## FLAMING STEAMER WINS LONG RACE WITH DEATH

Marshfield, Ore., Sept. 15.—The gaunt skeleton of the steamer Congress, protruding from the sands off the entrance to Coos Bay, was all that remained today to remind the 253 passengers and 170 crew that they had narrowly escaped another Volturno disaster.

The passengers landed here were none the less worse for wear today, and many of them scattered for their destinations. They have the speed of the Congress to thank for their escape, according to the vessel's officers.

With a dangerous fire raging below decks, Captain Cousins turned the nose of the Congress toward shore, fifty miles away, and began a race with death.

Ties made of a native hard wood have been used on the Panama Railroad without renewal for more than fifty years.

## CARRANZA MAY VISIT U. S.

Invited by Lansing to San Diego Exposition in December.

Venustiano Carranza, "first chief" of the Mexican de facto government, probably will soon visit the United States for the first time since he has been a leader in Mexican affairs.

At the request of Senator Phelan, of California, Secretary of State Lansing yesterday instructed Charles S. Parker, American agent in Mexico City, to invite Carranza to make a personal visit to the Panama-California Exposition at San Diego, Cal., with his official staff, on December 16 and 17, which have been designated as "Mexico Days."

## U. S. Treasury Statement.

The condition of the United States Treasury at the close of business yesterday was:

Net balance in general fund, \$190,169,201; total receipts yesterday, \$2,167,532; total payments yesterday, \$4,000,866.

The deficit this fiscal year is \$41,727,538, against a deficit of \$31,942,497 last year, exclusive of Panama Canal and public debt transactions.

Revenue receipts for this fiscal year up to the close of business September 14, \$152,623,946.17; revenue receipts for the corresponding period last year, \$129,748,709.33.

Ordinary disbursements for this fiscal year up to the close of business September 14, \$152,464,739.11; ordinary disbursements for the corresponding period last year, \$129,768,553.54.

## SWEET TO QUIT OFFICE.

Assistant Commerce Secretary Will Enter Race for Governor.

Assistant Secretary of Commerce Edwin C. Sweet will resign soon to become a candidate for governor of Michigan. Secretary Redfield has not recommended to the President a successor and will take no action until after Assistant Secretary Sweet leaves.

Secretary Redfield returned to Washington yesterday from his vacation. He declared there was no truth in the report that he would give up his own post, saying it was a newspaper habit to have him resign about once every six months.

## Just Unpacked---Our New FALL SUITS

—and they are just about the classiest assortment of good clothing we've ever had. We've placed our first shipment in
